

## Wayne Dive NeuroLeadership Coach

Wayne is a seasoned entrepreneur with over 19 years of experience managing a successful Financial Broking franchise. He knows the corporate environment firsthand and understands the power of maximising outcomes, having built a business from the ground up. Wayne seeks to activate the same kind of growth and success for his clients, igniting their potential with his calm and thoughtful approach to coaching/mentoring, whilst drawing on his personal journey as a business owner.

A natural negotiator and presenter, the 'desire to inspire' has led Wayne to a natural transition to coaching. He has been coaching/mentoring for five years, and in 2019, took a step further and completed the Brain Based Coaching Certificate through the NeuroLeadership Institute (NLI). Wayne gets a huge kick out of seeing people unlock their potential, and is passionate about supporting people to develop their leadership skills and teams, completely transforming their businesses (and lives) through mindset and performance coaching. His style is a fusion of educator and listener; every person who works with Wayne walks away feeling nurtured, yet armed with pragmatic tools to make an immediate difference.

Wayne strives for a balanced life and is passionate about all forms of 'board meetings', leading adventures for fellow surfers to far-flung destinations such as Papua New Guinea, Indonesia, Sri Lanka and more.

Wayne is based in Sydney's Eastern Suburbs.

*"We have been working with Wayne Dive for a number of years now to improve our wine distribution business. He is an inspiring coach and mentor with a genuine interest in seeing people improve. Wayne asks the right questions and knows how to listen; he has been a pleasure to work with and we look forward to having him as a travel buddy on our ongoing journey of growth, efficiency and rewards. A session spent with Wayne is an opportunity not to squander, and is truly a gift to appreciate and enjoy."*

Mira Arocha, Sommelier / Wine Merchant – Secret Cellar Wines Australia

*"Wayne is an empathic coach who leads you to a place where you can make considered choices about both your business and personal situations. He brings a wealth of knowledge over many different business structures allowing you to draw on his experience without him telling you what you should do. Over the past years I have often drawn on Wayne's philosophy of "why not" rather than just dismiss something as too hard. He has a calming manner that definitely draws the best out of each session with a clear way forward."*
